In addition to a 2 million coin welcome bonus, we landed 240,000 credits by spinning the reward wheel. To top it off, we got another daily bonus so by the time you start playing you'll be loaded up with plenty of coins.

There's nothing particularly out of the ordinary about this social casino but, with branded Aristocrat Gaming titles and plenty of bonuses dished out by Mr Cashman, it's one you can happily spend time on.

You won't find a dedicated app for Windows Phone, but Cashman Casino does offer a Kindle version that's fairly well rated (average rating 3.9/5) on Amazon. That said, we would say that the bulk of their attention is focused on iPhone, iPad and Android users.

Throw in all the Cashman Rewards (including turbo, instant and daily offerings) and other surprise bonuses, and there are lots of reasons to hang around. It may help explain why our Cashman Casino online review is so glowing.

It's safe to say Cashman Casino is a good social casino for any newcomers to the game. It's also fairly rare to see free versions of Aristocrat branded games in a social casino in 2022. There are some very healthy bonuses available here, and everything looks and plays as it should.

With a little over 200,000 Facebook likes (compared with the millions some similar casinos have), this isn't the most social of social casinos. Head to their timeline where they post bonuses, fun facts and feature new games once or twice a day.

You can't send or receive gifts from friends within the Facebook app like you can with many social casinos, nor are there any tournament leader boards or anything like that. In other words, we would say that this casino is better for players who would rather sit down and get playing without a lot of extra chat features.

Cashman Casino is chock full of great slots, many of which avid fans will recognize. You're sure to love their progressive titles too. What they lack in quantity of games, they make up for with the quality of titles on offer.

The site is entirely focused on slots so there are no table games or other familiar casino titles available to play. With that being the case, the range of games available to new players is fairly small and we hope that more will be added.

With all of that said, there's nothing particularly outstanding that sets Cashman Casino apart from its competitors. The range of games is still limited and the social aspects of it need some work. Still, if you're on the market for an easy-to-use social casino with great mobile apps, it's a fine choice.
