Despite the fact cryptocurrency is a feature, e-wallets do not seem to have a home at 6Black, which could restrict certain players. Having a wider range of payment methods to back up the decent set of games on offer would improve the experience vastly. As would varying the promotions slightly. If a promotion doesn't happen to be attached to your game of preference, then you're a bit stuck for bonus opportunities.

The casino has only been around for a little while, which can make some players weary when deciding whether or not to sign up. But, with the reputable licensing and regulation, fair and safe gaming and sufficient layers of security, we'd say give 6Black casino a try. The only thing we'd suggest is if you do decide to make a deposit and start playing, just keep the minimal balance in your casino account and withdraw any winnings immediately. This can protect you should anything go wrong.

The offers don't stop there. 6Black also makes mention of giving you a bonus for every deposit. The site has yet to break down what those bonuses entail.
