Casino Classic invite new sign-ups from a select list of countries to enjoy three free spins on Buck Stakes Entertainment's \$/€1 million jackpot prize game, Mega Money Wheel. Just the three spins might not seem much when most no deposit free spin bonuses offer at least ten free spins, but they won't usually offer the player a real, on-the-table opportunity to become a millionaire and receive the payment in one transaction. I've been playing this game for awhile and it takes patience. Several times I started to complain about the inconsistency in scoring, i.e., one minute a roll counted, but in a few rolls, it didn't. The bonus coins for consecutive games in a row leaves a lot to be desired. I have 192 days in a row for the second time. You keep thinking that the free coins are going to increase as your days in a row increase. Wrong! I truly enjoy this game, but it could be so much more fun with a few adjustments. Wrote the review sometime ago, and things have not changed. Just completed bonus rewards for 251 days in a row with the last 4 days rolling 8,000 x 2 as the bonus, although the message is keep your streak alive to increase your daily

bonus.

This game provides an entertaining experience with a wide variety of slot designs & gaming chances. As well; in the rare occasion that an error may occur, the customer service/tech support is prompt and courteous in both identifying the reported issue and providing requisite compensation if required. I have had issues with other games in the past and the tech support was so inept that I quit playing even though I had made a sizable "investment" in both time and money. Errors in gaming occur. How those errors are handled by the support team make or break the commitment of the user (aka "us"). Kudos to this team. 5 stars to both the gaming experience & the customer support team.
