Fortune Lounge is a respected alliance whose aim was to bring fresh air to the world of casino amusements. Founded back in 1999, it decided to turn into reality all dreams about reliable and secure gambling. The task was to select and test casino clubs to find only the trustworthy companies that guaranteed a positive and sustainable environment. It all started with 7 Sultans casino, and since then, the world of casinos promised to be changed. Indeed, all efforts and merits should be rewarded, and the Fortune Lounge group isn't an exception. In 2005, it was announced as the best gambling group by Gambling Online Magazine. Besides, earlier it also got rewards for its excellent activities and reliable work. Another interesting fact is that this company was the first to give a license by Microgaming, the casino software provider. The years passed, but Fortune Lounge maintains its long-proven status as one of the trusted gambling groups. Read the information below to find out more details on this organization.
