Warning: Kraken Casino uses fake games. These games might have been modified to have a higher house edge and therefore give the casino a bigger advantage than the developers of the original games intended. Please note that not all games available at this casino are necessarily fake, however, it's a very serious issue nevertheless. We strongly advise you to stay away from this casino.

According to our research and estimates, Kraken Casino is a smaller online casino revenue-wise. It's a part of a group of related casinos, however, this group is still quite small even when evaluated as a whole. The revenue of a casino is an important factor, as bigger casinos shouldn't have any issues paying out big wins, while smaller casinos could potentially struggle if you manage to win really big.

There are also some unfair Bonus Terms and Conditions, which might cause you issues if you decide to take advantage of the casino's bonuses or promotions. Because of this, we advise you to look for a casino with fair rules or at least pay special attention to this casino's Terms and Conditions if you decide to play at it.

As we already mentioned, we've given Kraken Casino a questionable reputation rating. That means that while it's not completely bad, it does have some negative qualities because of which it's advisable to look for a better online casino to play at.
