Texas is famously conservative, especially when it comes to gambling. There is absolutely no "Vegas-style" gambling in Texas, and there's only a single Texas Indian casino operating Class II amusements. Texans can legally play slot machines at both of the state's land-based casinos.

But because Texas gambling laws and casino laws apply only to local operators and don't actually target individual gamblers, it's legal and safe to use these venues freely. Video poker players would do well to avoid this location.
