Casinos online have not always been around, but we can safely say that online casinos have been used a lot since they came on the market. And it's not in short demand nor options, and now in 2022, we have 1000s and 1000s to pick from - it's just a matter of what you like and what payment options you would like to see at the casino.

The top online slots casinos in the USA feature hundreds of high RTP slots such as Immortal Romance, Starburst, Cleopatra and many more. They come with bonuses that are eligible on most casino slots or free spin offers with light wagering requirements. All our recommended US slots sites check these boxes.

Online casino karamba

Online gambling customers also tend to be very price-savvy, meaning that online casinos have to compete in price to attract top customers. That leads online casinos to offer blackjack variants that pay nearly 100 percent back and the highest-paying versions of other popular games like roulette and craps.

When picking an online US casino, the main thing to consider is what exactly you want from your operator. Everyone has their own personal preference, and we think that there is plenty of choice on the American market to satisfy all of the players out there. If you are based outside the US, then you can check out our choice of the most reputable online casinos from around the world.

As well as considering the payout of an individual game, you can also look at the average payout rate at a casino across its entire games catalog. This may give you an indication of the brand's fairness, with the higher averages showing that the site has invested in low house edge products, which are favored by most US players. See the top online casino games for payouts and where to play them below.

All brands should have a top-quality online casino app. There really are no excuses. There are lots of things that go into a good mobile offering, with an app being just one of the options. While most sites offer a downloadable app, there are some operators that prefer to make the website fully optimized for smartphones and tablets, meaning that no download is necessary.

The other main benefit of playing online is the sheer scale of the gaming catalogs. You do not have to wait to play your favorite games, with unlimited seats on automated slots and table games. Even with live games, there are greater numbers of tables available than in all but the very largest of land-based casinos. In addition, the return to player rates tend to be higher at online sites since the overhead costs are lower per player.

You can expect to see major credit and debit cards accepted at most sites, but you can also use popular eWallets like PayPal, Skrill and Neteller in lots of cases. There are even some online casino bitcoin sites, if you are one of the many fans of the cryptocurrency.

All players would dream that all the different online casinos you find will allow you to use bitcoin and other crypto for your deposit and withdrawals. Unfortunately, the sad truth is that very few casinos accept it. But the good news is that the top online casinos will have one or the other crypto that you can at least use for deposits. When it comes to withdrawals, it's a bit harder to find a casino. Most likely, you'll have to pick one of the other payment options. The most found payment option to combine with bitcoin and crypto is a bank transfer straight into your bank account.

Across the online gambling USA industry, there are numerous laws and licensing regulations. Each state of the United States has its own rules, with most states allowing certain forms of gambling. There are, however, lots of restrictions. As such, it is always important that you check the laws in your particular state. Let's have a look at the overall trends.
