In 2000, Mirage Resorts was purchased by MGM and in 2005, the company merged with Mandalay. Both moves brought eight more key Vegas properties onto the MGM portfolio.

It's fair to say that the Mob had a huge interest in Las Vegas casinos in the early days up until fairly recently, when casino gambling was legitimized in the eyes of the public. The first thing that happened was massive companies buying these old casinos and building casinos of their own. In Atlantic City, it's slightly different, as casino gambling was seen as a way of revitalizing the economy in the area, so it was, more or less, legitimate business that opened up casinos there.

Nevada has not quite figured out how to license and regulate online casinos, so it has opened the doors for offshore casinos. Many of these operators, not based in the United States, are fairly professional. However, there are several that are not. The Nevada Gaming Commission has not pressed lawmakers to make offshore casinos illegal, so they will be around for a while. If all of them were like N1 Interactive, there would be no problem. However, that is not the case. Protect yourself by doing some research on the casino you intend to join. It may save you a lot of headaches further down the line.
