Regulierte online casinos

As regulation in the casino industry progresses, Slot Tracker is ideal for assessing the content share of casino slot content by country. For the US and Canada we report on each regulated state separately, allowing you to understand the changing landscape of casino content.

This app specializes in casino tracking. The app itself runs very smoothly. I did run into some bugs but it didn't ruin the "app" experience. The casino tracking is very in depth. Ranging from USA-Australia-Canada-Europe-Asia-etc. If you're looking for a certain casino I'm sure you'll definitely find it using this app. Overall, I'd recommend this app to anyone that's into the gambling scene.

Online casino web site

No. Slot Tracker does not break any known terms and conditions for any casino. We spent a considerable amount of time reviewing terms and talking with casinos directly to assure that Slot Tracker is 100% safe to use.

Know your real-time return to player (RTP) and statistical return percentage (SRP) to have a clear picture of what you're getting back on every spin.

The RTP can either be specific to a slot – Starburst's RTP is 96.1% -, or it could refer to the overall RTP rate of a particular casino. Naturally, the more high RTP slots available on a slot site, the higher the site's overall RTP rate.

Enter your email address to receive the latest on our tracking tool, casino promotions and more.

Analysis game content by supplier. See which games are available by territory and identify their top games. Analyse the top games by suppliers such as Evolution Gaming and Light & Wonder. You can drill down from games supplier, for example Evolution Gaming, down to its constituent studios Red Tiger/Netent and Big Time Gaming.

Borgata casino online reviews

Created in partnership with Hasbro and available only from Evolution, MONOPOLY Live is a unique live online game show based on the world's best-loved board game. An all-new special edition of our popular Dream Catcher game, MONOPOLY Live takes the excitement and suspense of our world-leading money wheel game and adds unique MONOPOLY game elements. It's another hot property from Evolution — combining live game action and augmented reality to redefine Live Casino entertainment forever and offer players the chance of massive multiplier wins!

Every single slot spin tracked enhances the Slot Tracker tool and provides the basis for calculating all other stats at a personal and aggregate level.

Online canadian casino reviews

The best slot sites of today are definitely those who also allow you to enjoy their games on mobile devices. Some of them have their own dedicated mobile app which you can download for a more immediate access to your favourite games while on the go.

We provide bespoke reports on casino content, country analysis, casino game churn and much more. We can also help out with your BI requirements.

It's only natural to look for slot sites with a variety of online slots and game providers but exactly does this choice get you?

Sweet 16 online casino game

Slot Tracker tracks casino games and their positions on a casino page over time. This data helps to maximise your revenue. Understand Game performance, content share trends by country/state and Casino game supplier performance.

You can do this by registering with a site and trying the games in 'demo' or 'play for fun' mode. These free slot sites will allow you to play free online slots with fake money for as long as you like, enabling you to take your time to decide whether or not you would like to play the games for real money later on

Ringmaster online casino

Casino Tracker allows you to analyze thousands of online casino pages across dozens of countries and states. You can monitor trends of casino supplier content and drill down to which games are in what positions each day. We publish the data using online dashboards and we also provide data feeds.

Practically all online slot sites will typically let you play their slots for free!

The best online slot sites are those that are strictly committed to responsible gambling standards, and which promote smart gambling behavior. When we review new slot sites, we take a look at operators' responsible gambling measures to make sure that players will have access to the tools they need. For instance, responsible gambling tools at UK slot sites will include:

Casino online pokies

The site provides player with real time information, so as they can be assured that they are being treated fairly and playing in a safe and secure online environment.

Yes, it's perfectly legal to track the data you generate from any game provider when playing their games. This spin data is held in your computer's memory and belongs to you, you are free to take a copy of this data at any time.

Mr.bet online casino

Looking to play at a new slot site? The place you settle on will make all the difference to the online slots you'll be able to play, the bonuses you'll receive and your experience all round.

Online casinos amex

Understand the supplier and game mix by site. Monitor supplier content over time by site/site group/country and device. We monitor multiple pages per site, looking at mobile and desktop views and sub pages such as 'Jackpot Games' and 'Top Games' for example. The data groups sites such as Bwin and Ladbrokes to their owners, in their case Entain. This allows you to understand the current state of the online casino market.

Your revenue stats, RTP percentages and bonus results are tracked error-free which means that you can gamble smarter based on the data generated by yourself and the community.

A fairly new site, do not be surprised to see Tracksino making a good name for themselves over the coming months and years ahead.

Gila river casino online

A vast choice of video slots to play increases your chances of finding something you'll enjoy – be that classic fruit machines, 5-reel slots or Megaways™ and Cluster Pays™ slots. Each comes with their own volatility and payout structure, meaning that you'll find something to suit your preferences and budget.

Slot sites that are licensed by a reputable jurisdiction, such as the UK Gambling Commission and the Malta Gaming Authority, are highly secure. All of them have SSL encryption on their sites to protect players' sensitive data, and their games all work based on a Random Number Generator that makes outcomes totally random and fair.
