The other Blackjack title employs a fairly odd set of rules: six decks; dealer stands on S17; doubling allowed only on 9, 10, or 11; splitting allowed up to four hands; resplitting aces allowed; drawing to split aces allowed; dealer doesn't peek for blackjack. This version of the game has a house advantage of just 0.39% with the proper basic strategy, but this strategy is a bit obscure because of the rare combination of rules in effect.

Our site will not include any casino that has been banned. The New Jersey Division of Gaming Enforcement oversees and regulates every casino we advertise (DGE).

One of the major drawbacks of any type of casino is that they're designed to take your money. They're very good at that type of business. In that respect, Chumba is really no different. It's possible to get some big virtual money wins by playing free Gold Coin games, and occasionally you may win a sizable amount on Sweepstakes games. In the long run, you'll most likely end up with less cash than when you started.

Begin by visiting one of the online casinos we recommend at the top of the page!

Gold Coin packages of anywhere from \$1 to \$300 can be purchased by players via the welcome page, and they appear in your account with bonus Sweeps Cash as an added extra. This Sweeps Cash can then be used for real money sweeps. Various bonuses, promotions, and giveaway offers give ways of gaining extra Gold or Sweeps.

All new players will be welcomed with 2,000,000 Gold Coins and \$2 in Sweeps Coins. No deposit is needed to receive both amounts, and you can instantly start playing any game with either. We'll explain more on the difference between the two casino currencies in a short while. U.S. and Canadian players can get more free Sweeps Coins by writing a letter to the registered address of Chumba Casino.

Skrill has language in its terms of service that explicitly prohibits U.S. users from using its e-wallet for the purposes of sweepstakes. We're uncertain how Chumba was able to legitimately bypass this restriction, and indeed it's possible that the company has not come up with a workaround and is just taking chances with its customers' money. It's conceivable that Skrill will eventually put an end to this, and when that happens, we have no clue what will happen with players' funds, but it probably won't be pretty.

Here we'll take a look at the main performance indicators that matter most to players, and their likely effects on you as a player and Customer.
