The vast majority of free casino games and slots behave exactly the same as their real-money counterparts at real money slots sites. At VegasSlotsOnline, we love to play casino slot games both ways. The two complement each other, and even if you're a diehard real money player who's trying to reel in serious cash, there are times when you should consider playing free online slots.

First of all, playing online free slots will make you see if the game's marketing was simply hype or if you really enjoy the game's software. Free slot machines have the same mechanics as real money slots, which means you can test out mostly all features without risking your own cash. It's also a great way to test out the selection of games at a new online casino, and make sure the game lobby is to your liking. As you're playing any free online slot, ask yourself a few questions, such as: How often does this game payout? Does it offer a good betting range? Is there a big jackpot up for grabs? Does it have enough bonus rounds for my liking?
