Everyone will have their own reasons. For us, one of our top reasons for playing free would be to test the casino's software. Does it work well? Is it fast? Do they have the games, themes and features we want? For other people, though, the reasons can come down to not trusting online casinos, not wanting to gamble or just wanting to play a quick game or two with what little downtime they might have. Betting money isn't for everyone. Luckily, if you're not too keen on betting with your own cash, you can always claim free spins or a no deposit bonus at online casinos. Just like playing for free, these offers let you test the casino's slots. The difference? You have the opportunity to win real money prizes!

As we mentioned before, there are a lot of places online that people just like you can choose to play. You don't have to visit a physical casino anymore, so a lot of online alternatives have sprung up to help tempt patrons through their virtual doors over other places to play. The result is a fierce competition amongst online gambling houses all vying for your patronage. We all trying to outdo one another offering things like free spins and other loyalty rewards and perks that you wouldn't even come close to being offered at a physical location like your local bar or casino. If we were also offering you the opportunity to never actually win anything then our online casino would be pretty short-lived. In short, there is nothing illegitimate or dodgy about playing online slots at Slots.lv.

The peak of online casino attendance is from 8 pm to 2 am. It is at this time that slots first collect bets, and later pay out winnings. Thus, we can divide the game into two phases. As you might have guessed, the biggest wins come during the second phase. You can try to determine the slot phase by playing its free demo mode. Some slots always work the same way, without cycles and phases.

Don't pay too much attention to the Return to Player (RTP) numbers that online casinos highlight. Those figures are based on millions of spins. Just because the slot machine you chose says it has a 95% RTP, it doesn't mean you'll get back \$95 for every \$100 you spend.
