Viva Las Vegas! It seems there's always good reason to appreciate the King's heart-felt tribute to Sin City, the latest one being Vegas Cash. If a stack of wilds fills a reel on one set of reels, they're copied over straight away to the reel's opposite number. Copycash™ Wilds really take off during the free spins feature, when they start nudging helpfully into position. At any time you could fill two opposite reels with wilds at once, in which case you're in for a High Roller, awarding either multipliers or one of four jackpots, up to 10,000x.
