Good for improving cognitive function. There are a lot of games on roblox that can actually help your child improve their cognitive function, such as games such as the "Maze" game which can increase their motor skills. This certainly makes it a better option than other games available, such as GTA 5!

Once you have downloaded the app, then you can open it and see if there are any ads that show up. If there are a lot of ads, then I would suggest you to uninstall it and to download another app for your device. However, most of the apps that are available on Google Play Store don't have any ads so it shouldn't be a problem at all.

On February 2nd, 2019, an announcement was made by ROBLOX as they were planning on allowing users to purchase 'Clips' which are in-game blocks and scenarios that can be used in their games.[108] These Clips would later become part of their new launch system that will be called Studio and released at a later date.

In ROBLOX, safety is one of the main concerns facing parents. The website can sometimes be a risky place for children because they sometimes come across people being rude, bullying, etc. [138] . ROBLOX is doing its best to make sure that its users stay safe while playing games. First, ROBLOX has safety features in place. A "report user" button is at the bottom right of every player's screen. This button appears if someone is acting rude to you in a game. Pressing it leads you to a page where you can add as much detail as you can about what happened and why it was wrong. The person reading the complaint will then investigate the situation and take necessary actions towards offending players. Players have also found ways to use this button for wrong reasons, like falsely reporting users to get them banned from playing ROBLOX.

You can always go to YouTube and search up something related to roblox or "free robux". All that needs to be done is to click on the first video that has a link encouraging you to get free Robux. You'll then be directed to a page offering you an advertisement reward if you click on it.
