In 2017, ROBLOX held its first annual "Builders Open Tournament" during March Madness of that year. The tournament features five games and has a prize pool of \$100,000 (prize money to be awarded at the end of the tournament). The tournament also gave away 5 million Robux (10x), which was enough to purchase an Xbox One S.

On July 1, 2018, ROBLOX began making all of its games free-to-play with a subscription option called "Roblox Pass" that allows users to keep playing their favorite games without having to pay anything after their trial period is over. It will be put on a student's school/work computer and will include ROBLOX STUDENT only games (e.g. ROBLOX High School & ROBLOX High School Life). The "Roblox Pass" feature is only available to users on the official ROBLOX website and all other versions of the game will have to be paid for.

Roblox has so many different types of games available that it can be very hard for you find all of the codes on your own. The best thing is that it is all free. If you want to get unlimited free robux inside your account, then start by using any of these codes when they are available. If you just want to use some types of currency as gifts for your friends, then you can do that too. It will not cost a dime to use this site since it is completely free.

You will be able to play all of the games and have fun with your friends in the virtual world of ROBLOX. If you consider yourself a hardcore gamer, then you should be using the Free Robux promo codes for ROBLOX as soon as possible.

I have always wondered why people enjoyed playing Roblox so much. I think it's because it's very similar to Minecraft in many ways; for one thing, the graphics are very childish which got me interested at first. Because the game is customizable, you can choose to look at the world through a little boy's eyes or that of an adult. I chose to be an adult for a time, but it was always hard to play because it would become so boring. But at some point when I was playing Roblox, my interest in it started to fade away. The reason for this is because of the new updates they made to Roblox. Now there are so many advertisements everywhere and so many games being added every day. You never play with friends because everyone has their own account and their own games they are playing. Even if your friends are on, you have no idea who they are because they could just be anyone.

On November 10, 2014, ROBLOX launched an invite-only beta for the virtual currency Robux. It was released to a small fraction of its user base whose accounts had been verified by Robotcrab, Inc. The currency was named after ROBLOX's mascot. All games and item purchases could only be made with Robux. The overall value of Robux is dependent on ROBUX exchange rates in the game itself; however, all players are guaranteed to receive the same amount of Robux (at the same time) regardless of their financial situation or how they choose to use them.
