"This is one of my favorite games because of the different levels and how easily it takes all my free time. It would be cool if there were different games you could play with friends online and offline. Also, I would be better off if you could actually get coins without spending your real money on them through in-app purchases or by downloading another game that requires real money."",

Great by I'm horrible at this on 2021/01/27 01:34 This app is really fun and addictive, but it has a lot of adds and if anyone knows how to get rid of them or change the amount of them I would be very thankful. Also, I don't care if you have to pay for the in app purchases like some games do, but sometimes it's annoying to see an add when you're almost done with a puzzle.",

Coin Master is an "arcade" game that is free to play and does not require the user to pay in order to advance through the levels. Though in-game advertisements were initially planned, Moon Active decided not to use them, making it possible for users to download Coin Master without being interrupted by ads. Instead, they opted for micro transactions and an ad-free version. The developer explains this decision by stating that he does not believe in offering a pay-to-win type game.",

"I love this game because anyone can play it, anytime, anywhere. But I just don't quite understand how they are trying to make money. You have these extra lives you win from watching videos or playing other games, but they are not enough unless you spend your actual lives on them through in-app purchases or by downloading another game that requires real money. I would give this game five stars except for the fact that I feel like there's a lot of potential wasted on how they are trying to make money. Hopefully the developers will change their ways."",
