On July 19th, 2019, ROBLOX announced its new version of the catalog, where users can now search games by the Tags that already been implemented onto all of the games recently. This was created to allow users to discover new content with ease and quickly find what they are looking for. Also more updates have been added in this catalog such as viewing game thumbnail frames, images, descriptions, and more.

There are some games that can give you more Robux randomly. But the chances of a good game giving you much more than what you're supposed to receive are very slim because the online game developers save these gifts for popular games.

The American Federation of Television and Radio Artists (AFTRA) has demanded that Roblox includes their members. The union stated that they also want their actors to get compensation for their work. The union has also said that they have been talking with Roblox for more than a year before singling out the company for bad housekeeping by refusing to pay royalties and residuals while claiming to "be building careers".

Not only that, but since "Robloxian life" lasts so long, many players have to pay to charge their battery or buy power packs and if players don't have enough money to spend, they can lose interest.

ROBLOX has created a number of recurring events over the years. On October 23, 2012 Robotcrab had announced a new way for Roblox users to make money by selling virtual items in the Roblox catalog: the "Builders Club". Players use Roblox's in-game currency, called ROBUX, to purchase items which they can sell to other players.
