Rated 4 out of 5 by Anonymous from Great Game RoBlox is a pretty good game. You can build stuff and play games for free. It's really fun!
Rated 4 out of 5 by Anonymous from This game was good Although it was kind of expensive, it still wasn't that bad. It let me be creative and let me be the hero.

On September 20th, 2018 a man by the name of Mathew T. Livingston was arrested for allegedly impersonating another user, and then luring children into sending him explicit photos and videos of themselves. He would then threaten the children with the videos if they would not send him more. [40] [41]

Throughout 2008, ROBLOX released a handful of new products including: "Virus Assault", "Prophet", and "Super Bomb Survival". "Prophet", released in August 2008 was essentially a demo for "Super Bomb Survival" which was released in November of the same year. ROBLOX started to develop more games in 2009, including: "Boom Boom Speedway", "Pirate Invasion", and a brand new version of "Dance Off". On February 6, 2009, ROBLOX launched a new game named 'Gladiators'. This game was one of the first games where being shot by another player would cause damage towards your avatar. It also included characters that could attack back.

Other things that need to be changed or fixed: Change the sound of the hook it is not loud enough and sometimes you can't hear it. So you just have to guess where the enemy is. Make an AMA thing just like Reddit but for developers so we can ask them questions and they will answer them. This will give players some more insight on why stuff isn't in game yet or why stuff is in game. It will also give players a chance to be more involved with the company and make them feel like they are actually doing something. This would also help with bug reports and glitches because then we could ask questions about what's happening and how to fix it.

I love how you can play with your friends but I wish that it was easier to make friends, and I also think that there should be more options to choose from when it comes to picking a skin, and I also wish that there were more games with different kinds of genres like horror or even some kitty games for cute lovers.
