I guess the only reason I still play Roblox is because it's a free game and that I don't have to pay for anything. After all, what's the point of saving up your money if you have to spend it all just to try and get on a game you really want to play? There are many games out there that aren't free like Minecraft, but at least they give you some sort of advantage. For example, Minecraft gives you tools which can help you dig more efficiently and quickly. But Roblox doesn't provide any sort of help or assistance towards the gameplay itself. And it's not like Minecraft was designed with children in mind; it was created for adults.

Rated 5 out of 5 by Anonymous from The best game ever! ROBLOX is one of the greatest games I've ever played. It lets you make your own adventures with your friends or in single player mode! This game I'd give a 10/10 because you can build anything you want, and there are still many things to do. For example, if you're tired of building things, there are games to play on Roblox. You can be a police officer, a fire fighter, or even an architect! Roblox is a truly awesome game that needs to be experienced!
