On September 8, 2018, ROBLOX released an update that added a "New Games" section to its website. This section is separated into sub-categories for ease-of-navigation and new content coming soon. This section also functions as a "curated library" with all games listed in a searchable manner (e.g., "roblox" will bring up any game about ROBLOX, but "roblox experiment" won't).

Rated 5 out of 5 by Anonymous from ROBLOX is the best game EVER There are so many games and places to go! You can create items to get robux, or you can get other games. Robux is used for buying more clothes and more games.

All you need to do is to follow the instructions that are provided for you. This should be more than enough for anyone out there to get started with! I would definitely recommend using this method if you are a beginner!

Roblox is the most popular online game in recent years. One of the major features of Roblox is its attention to detail and graphics, which are unparalleled among other games. You can play Roblox on any browser as well as on your Android, iOS, and Windows devices. The storyline incorporates a quest to defeat all evil in the simulated world.

In March 2017, ROBLOX added a new feature that allows builders to use an already existing image of a face as their character's face. The face can be uploaded from the user's computer or through an online camera. This feature has been disabled for the 2017 Halloween game The Mad Murderer.[38]
