The Roblox UI has a webcam in the bottom right corner, and many players have found that other players have used this to take pictures of them or record them without permission. This was also reported on an academic blog site.

Some of my other complaints on Roblox include:

ROBLOX originally only accepted payments through cryptocurrency, but later, it was changed to cash prices. The Roblox Corporation is a business that created ROBLOX as well as many other games such as Bloxburg and Bloxburg B.V.. Bloxburg B.V. was a subsidiary company of ROBLOX that was formed in September 2015 to create the HTML5 version of Minecraft. They have created some "Minecraft-like" games such as SEER and INRIX, as well as the HTML5 version of Minecraft itself called "Bloxburg".

The Market is an area where players can buy and sell in-game items. Items sold here will typically be cheaper than in-game shops. This is the only way to buy items from outside the game, as users are not allowed to purchase things from other places such as the in-game shop.

Rated 4 out of 5 by Anonymous from Good website with good games and fun! This game is really fun and you can make your own games or play the ones all the other people have made! Rated 3 out of 5 by Anonymous from A great game but it costs money that is the best game ever unless u have to pay
