In December 2016, Roblox changed its website design again.[64] This can be viewed here: Roblox Main Page. An official subreddit was created in January 2012 by user pb_bacon.[65] It has since grown to have over 3,000 subscribers (as of May 2018) and 338 pages (as of May 2018).

On March 31, 2010, ROBLOX announced that they would be updating their policy on how they handle user information.[1] On May 5, 2010, a mass email was sent out from the company to its users informing them of changes made to their Privacy Policy and Terms of Use. The changes were made in the name of increased safety and security, and it was stated that the change was made in order to "protect [its] members."

According to the ROBLOX website, there are over 15 million registered and active players. Like many other user-generated content sites for young children, ROBLOX encourages users to be safe and responsible on its site. It also has a moderation system that allows members of the community to report profiles and comments that may be inappropriate or offensive. Parents can also choose what games their kids can play, or even disable chat so other players can't talk to their child. ROBLOX has also introduced a new feature called "Guardians" which works like parental controls on most software. It allows players to set a game rating they are comfortable with, so that they can choose between games.

There are few sites online that provide Free Robux for ROBLOX so we really hope that this site brings more people to this game because it is much better than any other game out there. These promo codes for ROBLOX will provide you with unlimited hours of enjoyment and entertainment which is why we strongly recommend that you make use of them right from the start so that you can enjoy the maximum amount of fun and entertainment. You can also see other players in the game and talk to them if you want to. There are a lot of different things that you can do in this virtual world and it really is a fun way to get away from reality because everything is more enjoyable when you use it here compared to the real world. This is a very important thing to know about so that you can stop wasting money on games that will not provide you with enough fun or entertainment.
