Rated 4 out of 5 by Anonymous from Great for kids I love this game because I have good time with my friends. For example, we build houses and race cars. I think the game is fantastic and it helps me to learn better. It's not just for kids because sometimes adults play it too. I love it so much and think other kids should play it.

ROBLOX is among the few websites that provide analytics data on their members. This data is collected from the number of visitors, members and games played. Many large groups have been created to publicize the statistics of ROBLOX. One such group is "We Hate Fake Players", which regularly posts ROBLOX statistics on its profile.[43]

The conference was originally held at the California Academy of Sciences in San Francisco but after two years, it was moved to the Fort Mason Center in 2015 and 2016. Since 2017, it has been held at The Theater Center in San Francisco where thousands of people attended every year since 2016.

This will work on all of the ROBLOX games because it is an official application so that makes it even better. It is completely safe to use as well so there shouldn't be any problems with it after all. Also, the generator is powered by advertisements so you might encounter a lot of ads after you have connected your account with the generator. Just click on "Generate Robux" in order to start generating free robux for roblox.

I love Roblox, but there are a few issues that I think need to be fixed. I have noticed that there is a lot of adult themes, and people swear a lot (which is not acceptable, it should only be in forums, not in game). It also needs more updates. In my opinion you should only take down the website if you combat online harassment or if someone steals someone else's idea. You can't create an account with your email address or password because the website doesn't know who you are. It only knows your username which is so unfair because someone could send harassing messages to other players without them knowing the real person. You should add more games and less glitches, with more updates. I really hope you take my suggestions into consideration, it would be great if you fixed all the big issues in Roblox.
