Games on ROBLOX have many different settings, including combat, customization settings, scenery design, etc. Several games that are featured on ROBLOX have different levels of rules, from the extremely basic "No Rules" or "Give and Take" settings to "No Kill" settings. The more difficult options create a more immersive experience for the players. For example, some games' settings can only be changed by the current owner, while other games have custom-made tools that allow players to modify it at will.[35]

On November 24th 2021, the game was reuploaded on ROBLOX and was named simply "Anthem". It is the exact same game as before with no changes or improvements.[90] ROBLOX 3D: On December 23rd 2021, ROBLOX released a new version of their website called "Roblox 3D". The company claimed that it was meant to be an improved version of their 2021 release. The 3D design features many new animations and tools for users to create models. They also put a lot of time into making it look more modern.

ROBLOX has also been criticised for its lack of badge incentives for participating in games, or even logging into the site at all. ROBLOX models these badges and credit prizes after the badges found in games like Journey, where a lot of doing nothing gives you a lot of money, which is possibly a reason some players don't log in. ROBLOX also has very few quests to complete that reward badges/credits.

The Roblox website has undergone several changes in terms of design. All the current releases before October 10, 2021 had a different logo from the one that is currently used. The beta site is also a different color than the current homepage design. If you visit the old Roblox website [1] it will redirect you to the new Roblox website, although on rare occasions it will instead take you to an error page.

On July 15, 2021, ROBLOX re-enabled the old low-quality builder's club and added another high quality builders card which can be used by anyone without making their game longer than 30 days. This update helped in the new Club Builder's Club Builder's Club Update which gave people who had builder's cards prior the ability to make their ROBLOX games longer.
