There are many different types of minecraft servers that you can connect to. One version is a Survival Server. This server is based around you surviving on the land for as long as possible without the knowledge of where other players are in the world. There are small challenges and objectives given to you by NPC characters in game that will give you rewards and help progress you through the game.",

On June 22nd 2018, Facepunch announced that Rust would be shut down on July 14th 2018 due to risk of further financial hardship, citing that it was "no longer sustainable". With this announcement came the release of a demo version of the game with all current features intact. The game was transitioned from being under development to being a completely stand-alone product, allowing for players to download and play whatever version of the game they preferred.",

The minecraft was founded in 2009. It is a sandbox building game that uses a textured voxel world to build anything players can imagine. You may create a forest, desert, swamp or any other terrain type with the use of multiple pre-made building blocks. The game also has many other types of biome like hills, mountains and water as well as structures such as villages and dungeons for the player to explore.",

The great thing about Minecraft is that it gives you unlimited freedom to do whatever you want. Sometimes the game can be a bit boring or repetitive, so there are a lot of people who choose to download mods in order to change how the game plays. There are thousands of mods available online, and you will find that they span across a wide-range of different topics. More Info Download: MINECRAFT MODS",
