There are two ways of connecting to your server: first is by using a computer directly connected to the internet through LAN (Local Area Network) port, and second is by using a mobile phone, tablet or any other device connected to the internet through WiFi or Data connection. If you choose the second option, please make sure that the username and password you have created for the account on Minecraft Bedrock Server are valid and correct. For best results, you should use a password that will not be easy for hackers to guess and change frequently. Also, please watch out for suspicious emails that inform you about your account and try to trick you into entering your username and password.",

While in general it is unfair and unwanted by most of the server community, these actions are allowed in moderation if it done for fun or is done in moderation. Ie: glitching via mods to get through a maze or etc. The aforementioned forms of cheating are not accepted under any circumstance unless properly documented, if the cheat is known and can be done by most people then it's deemed not acceptable unless given permission by admins. So be careful what you do, so that if caught you don't get banned from the server or even Mojang servers.",
