On March 22nd 2018 a father claimed that his young son was being harassed by online predators on roblox. His son was given what he believed to be an authentic phone number for support from roblox but it was actually a phone number for an adult service in California called "Spunky".

Rated 5 out of 5 by Anonymous from Charming Roblox is so charming, even though I am 11 years old I still love this game. My sister is 8 years old, and she also loves this game. She plays roblox more than me. We always play it together, and we sometimes even make a little brother character named Blox. Every night we would ask our mom if we could play roblox longer, because we didn't want to stop. I love the update where when you or your friends spell a word, something pops up in the middle of the screen to tell you the number of letters in that word. The only thing I think is bad about this game is that you have to have headphones on if you want to move around, and since I usually play with headphones in it makes it harder for every one else to hear what my sister is saying (but they can still hear her). I love this game so much. I would definitely recommend it to my friends.

There are lots of resources where you can find Roblox promo codes and there are also a lot of hacks to help you get free robux. You can find Roblox promo codes in different forums and cheat sites as well. If you do choose to try out the hacks, remember that those websites can be prone to attacks and they might expose your security details which could result in your account being deleted.

On May 16th, 2018, ROBLOX announced that they were updating their "Terms of Service" section of the website to disallow using custom models or code to explicitly gain any sort of advantage in-game. They also block users from uploading custom model and code files.[20]

I think that Roblox is a great way to get people to communicate with others online because it is very fun and social. It can help you meet new friends and connect with others in many different ways. It can be a great way for people to learn how to communicate with others in a way that they prefer, especially online. This game can give people a lot of benefits because it is very fun, and you don't have to pay money in order to play.

This game has helped me develop social skills because I was able use voice chat or text chat to communicate with other players and also the advantages of communication in real life. I will continue playing this game because it is fun and I'm able to make lots of friends and have a great time doing it.
