I like roblox but it is still not better than minecraft in my opinion because minecraft have so much stuff, people can do a lot of stuff. I think Roblox needs to get a lot of money so they can improve more stuff than they already got. I love roblox but I still think that it could be way better, so here is some of my ideas 1. It should have better graphics 2. It should have better game servers 3. There should be more new games, but there is a thing what I don't like about roblox is that the games are kind of the same every single time, and you end up playing them too many times 4. The games should either really get harder or really easier

You are paying for a product that doesn't exist. You wouldn't pay for an airline ticket without knowing when the flight has left the gate or whether it would ever take off. It is unethical to purchase Robux (robux) without knowing how they are stored or used within ROBLOX's software. You shouldn't be forced to pay for something in which you have no ability to benefit from what you're paying for.

The chart below contains the top 5 accounts with the most amount of plays on ROBLOX in that year (as of December 31st). This chart is directly taken from ROBLOX's blog post for each respective year. ROBLOX games have made the news many times in the past. Below is a short list of some of them. Prior to 2011-2012, ROBLOX game developers were responsible for any known instances of hacking that happened in ROBLOX. There were also older instances where hackers had not yet discovered the community, but eventually did so, and started making exploits on their games that were very popular (such as "Hacker Escape"). Hackers also used an exploit to gain access to admin privileges on a game called The War Factory, which had over 500,000 concurrent players at once. When this was discovered, the hacker was immediately taken down by ROBLOX's staff.

The way Roblox works is by creating an account. In this account, you will be able to make your own avatar that you can customize to look however you want it to. With this avatar, you can go on to explore the different places and games in roblox. You can interact with other players that you meet in the game and even chat with them. There are many different categories of games that you can choose from to play and I like this because you have a lot of options to choose from. One thing that I think is great about roblox is that you do not need to pay any money to play it all the time. This is because you can buy Robux in order to use it for building purposes or for upgrading your avatar. This is great because rather than just paying and continuing to play, if people don't want to pay they don't have to.

In April 2018, Roblox announced that it would be taking steps to address issues such as hate speech and violence. They issued a statement saying they would be working with the National Center for Missing and Exploited Children (NCMEC) to remove violent content. They also stated that they would be adding new policies and processes that they will be using to monitor issues with moderation.
