A screenshot of an old Minecraft Bedrock Server. The server was very popular, but it closed because the owner didn't have anti-cheat software or firewall. If you want to start your own server, you can do so by visiting this website and get yourself a free trial that will last for one month. It's enough time for you to try all the features of the server and make sure everything is working fine before you purchase it. The best thing about Minecraft Bedrock Edition servers is that they are supported by Mojang team and have a 24/7 support team, so if anything goes wrong at your Bedrock Edition server everyone will be there to help you fix it right away. I personally use this server for my Minecraft Bedrock Edition Minecraft.",
