Rated 4 out of 5 by Anonymous from Awesome game I would rate this game a 10 because it's really entertaining and easy to get into. Rated 4 out of 5 by Anonymous from Good Game This is a pretty good game the only thing that doesn't get me is all the money you have to pay for it. Rated 5 out of 5 by Anonymous from Great This is an amazing app, and roblox is a sweet game, but i have had some problems with it so that's why i am giving four stars for rating.

Robux is the virtual currency for the game Roblox and it is used to buy a variety of items such as gear or apparel for an avatar. Roblox players can earn free robux through games, purchases or selling their creations on the site. Like I said, the free robux is a great thing to have in your account for almost everything that you need in the game. And it's also very hard to find free robux. There are other ways to get free robux, but they are very hard if not impossible to get most of them.

In order to check whether or not an app is safe to download, I have compiled a list that will show all of the apps that are 100% safe and you can directly download them from Google Play Store. Read my previous article titled "How To Download Apps Safely From Google Play Store". You should check it out as well.

ROBLOX is a company characterized by its community-based culture. This is reflected in its games, which are generally hosted on the website (as opposed to the product), and as a result, are built by users for users. The developers at ROBLOX have stated that they are completely open to third party development—the only restriction on what is considered acceptable and permissible is that all products must be compatible with ROBLOX's Terms of Service. Whether ROBLOX soft products will be accepted into the Steam platform is still unconfirmed.

ROBLOX is a great game, and has lots of potential, but it's not being used as a serious game developer wants it to be. You can't break out of the virtual world without spending money on the Robux currency. It's like a video game and to continue playing you need Robux, but if there is no value in the game then they don't want you to play at all.
