The "ROBLOX" logo was created by the company's CEO and founder David Baszucki in 1996, when he was originally designing the website's layout before it was launched. He designed the logo to look similar to the word "engine" on a train, as he envisioned ROBLOX to be a playground powered by an online community where users could create virtual worlds. The first iteration of the logo consisted of an orange square that displayed three green horizontal stripes, each separated by a white space. The stripes were arranged in a way that would yield nine pixels when all three were equally spaced. A basic version of the logo was used until 2003.

To get free robux on facebook, all you need to do is set your status message as "I like [YOUR FRIEND'S NAME] on ROBLOX" and click "Share". You'll be given an extra 1,000 robux. Here's the screenshot to help you out!

In January 2016, the Roblox developers said they will be working with an external security firm to enforce a set of rules, and would only support third-party software that is approved by their partners.

ROBLOX Studio 2.0: On December 28th 2018, ROBLOX announced a new version of their Studio known as "Studio 2.0". The company claims that it is meant to be a new version of their previous releases which contains many improvements and better tools. It also allows users to earn cash if they choose to sell their items in the catalog.[91] On January 1st, 2019, ROBLOX updated the game and added a feature which allowed users to get an early access for Studio 2.0.

There are a lot of users, Robloxian's who do this and it is not really good that their voice is blocked as well because it is extremely annoying when you don't know what they are saying to you. This happens to me all the time and I think this needs to be fixed.
