Premium game mechanics can also be implemented in free games. However, due to the fact that all premium features are only available in Builder's Club, in most cases they will if there is no way for the developer to observe this from a third-party mod or script perspective, then it can only be done via a Builders Club Premium.[54]

There are really unlimited resources where you can find Free Robux promo codes for ROBLOX and other sites like this. You should always remember that there is nothing that can help you get unlimited free robux quicker than using the promotional codes from different providers online. These holders of these codes will always use them because they can easily earn a good income by allowing others to use them. They also want all of the game providers on this site to make a lot more money so they will offer their promo codes and free robux resources for people who are using this site often. If you are planning to use these codes, make sure that you do not accidentally end up sharing your identity with anyone else. You should always remember to take precautions before transferring or sharing any of your information and accounts.

The Chat Room is an area where players can talk or text either with themselves or with other players. The chatroom is separated into different categories, depending on what players are doing. Normal chat rooms for most players will probably contain users asking different questions about the game as well as people chatting about their creations. Other chatrooms include a room where people can indicate whether they want someone to play their games or put them up for sale and a "Celebrity Chat" that allows known celebrities to visit and hang out in the chatroom.

In January 2016, the Roblox developers said they will be working with an external security firm to enforce a set of rules, and would only support third-party software that is approved by their partners.

On December 4th 2018, ROBLOX added a new feature called "Workshops" to their website. The forums were flooded with many negative comments and claims that it was poor execution of a feature meant for building games. They were also accused of being lazy about implementing it into their website.
